

PORTABILITY SAILFISH and SUNFISH go right along with you—for a weekend or vacation. Ride easily on the roof of your car (or in the back of a station wagon). SAILFISH and SUNFISH need no dock or mooring space and can be launched anywhere.

SWAMP-PROOF SAFETY Pontoon-type hull makes SAILFISH and SUNFISH unsinkable and impossible to swamp. In the event of a capsize, the boats are quickly righted—without taking in sail. Parents appreciate this positive safety feature.

RACING Exciting speed plus trigger-quick ease of handling make SAILFISH and SUNFISH ideal craft for fleet racing. Low cost makes it possible to build a sizable fleet in your area for wonderful weekend and vacation fun. Unique One-Design Registration program makes individual numbers available for racing skippers.

SPEED Unique SAILFISH and SUNFISH planing hull design gives thrilling speed—in heaviest or lightest breezes.

Super SAILFISH MK. II

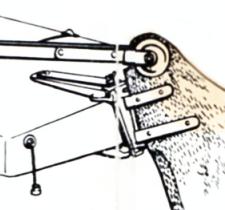

Fiberglas® SUNFISH

Masts are $2\frac{1}{4}$ " high-strength anodized aluminum alloy. Boom and upper spar are $1\frac{1}{2}$ " diameter high-strength anodized aluminum alloy. With no standing rigging, **SAILFISH** and **SUNFISH** can be completely rigged and ready to go in a few short minutes.

All fittings are brass, bronze, nylon or aluminum.

Sails are expertly cut to rigid one-design specifications from specially woven Dacron®. Your choice of all white or striped, at no extra cost.

Safe-T-Plane hull is swamp-proof pontoon type. Sturdily constructed of marine plywood and Philippine Mahogany; or of all-Fiberglas® with foam flotation and molded-in color.

Patented* Bronze Flip-Up Rudder Mount for easy launching and beaching. Easily adjustable for release at desired pressure or for positive locking.

Daggerboard and rudder are Philippine mahogany with natural bright finish. Daggerboard easily raised or removed for handling boat in shallow water.

*U.S. Patent No. 2675775
