TANZER 22

1975 BOAT SHOW PRICE LIST

In the TANZER 22, numerous elements are fused to create an outstanding sailboat buy. The spacious cockpit and cabin provide cruising comfort. The high ballast to displacement ratio, low drag keel, minimum wetted surface and long waterline ensure high performance. The TANZER 22 is built with meticulous craftsmanship yet still maintains value for your dollar. In addition, the TANZER 22 is available in two models: The standard fin keel model, and the trailorable keel/centerboard model (for sailors who prefer to trail to distant cruising waters). The keel centerboard model features a shallow draft while still maintaining the same spacious interior. The TANZER 22 provides numerous features seldom offered in a single boat making it an outstanding sailboat buy.

INCLUDING FREIGHT TO
LOS ANGELES
