

Tartan 31

31'

Tartan 31 is intended for those who enjoy true sailing performance in a well-crafted yacht. Introduced in the fall of 1987, T-28 naturally appeals to more experienced sailors, who will immediately feel her seakindliness and honest speed. She is a potent competitor and a graceful cruiser.

Tartan's reputation for finely worked detail and ocean-capable construction is apparent everywhere. An innovative layout provides the exceptional stowage and amenity for which Tartans are famous in an attractively open, bright, and well-ventilated accommodations plan.

Beautiful woodwork, the hallmark of the Piedmont region where Tartan 31s are built and the home of the nation's furniture industry, is supported by an ocean-worthy hull and inner structural grid. A Scheel keel or

elliptical fin are underwater options.

Tartan's quality workmanship and value retention add to the desirability of ownership. See your Tartan dealer or write for information on this and other 28- to 40-foot Tartans.
