

# Tartan 34

34'

**S**ome think this is Tartan's most beautiful model. Tartan 34 has a graceful sheer and balanced ends, which prove that fast, modern yachts need not be bulky. As with her sisterships, this Tartan design began first with sailing excellence and the highest level of structural integrity.

Her size is ideal for one to two couples or a growing family. Her accommodations have been optimized for such use, richly finished (as one should always expect in a Tartan) and laid out for both spaciousness and privacy in a bright, well-ventilated, and comprehensively appointed cabin.

For those who cruise in shallow water, the Scheel keel opens myriads of anchorages. Others may opt for the deeper fin. Both versions are beautifully built, easily handled shorthanded, seakindly underway, and exhibit the design aspects that underscore her Tartan pedigree.

Tartan's quality workmanship and value retention add to the desirability of ownership. See your Tartan dealer or write for information on this and other 28- to 40-foot Tartans.
