

Tashiba 40

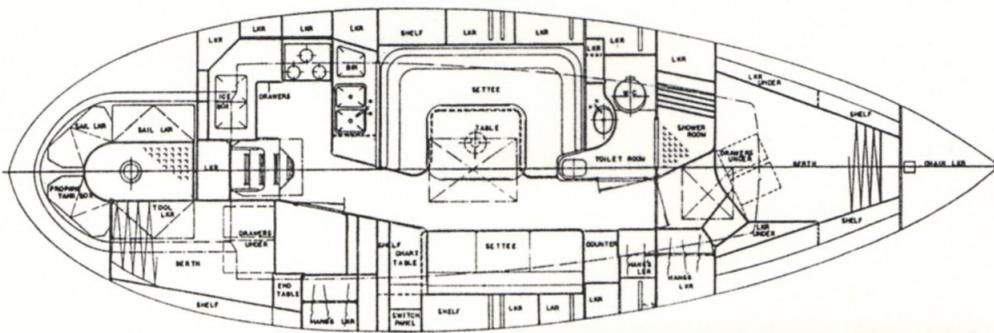

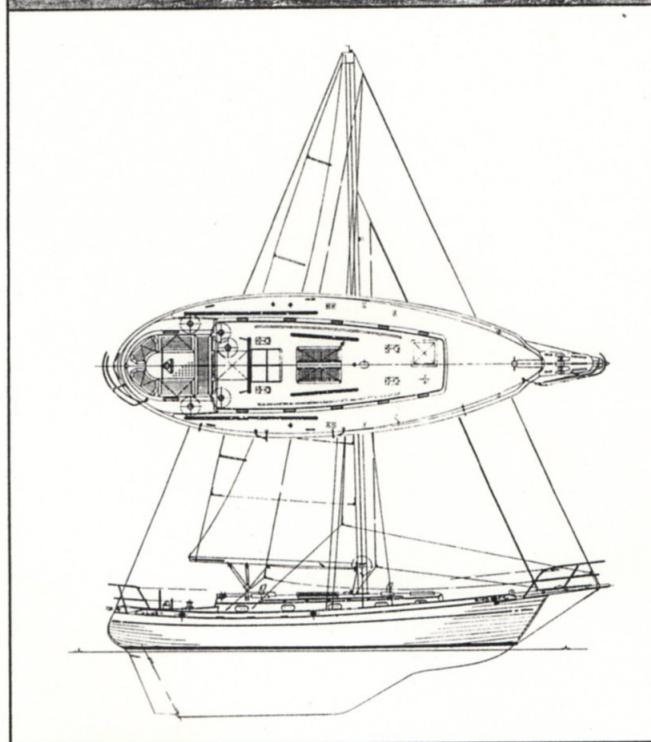

40'

Ta-Shing introduces the Tashiba 40, a boat that incorporates some deck modifications and other improvements, including a more perfect interior plan. The Tashiba 40 is an excellent combination of an efficient and easily driven hull, mated to a topsides that is pure Nordic traditional. The resulting yacht is fast, easily handled, and supremely comfortable.

The cockpit is roomy but seaworthy. The galley is huge for a 40-footer. The aft cabin is big enough for two but cozy and snug. The main cabin is a functional living area for passagemakers and is great for entertaining. The head is complete with a walk-in shower, and there is a second private stateroom forward.

The rig, machinery, and components make this salty-looking boat function as smoothly and efficiently as possible. There is also a long list of standard equipment. The one thing that is not standard is the level of quality that is built into the Tashiba 40 by Ta-Shing. You should inspect one by contacting your local dealer.

The Tashiba 40 is distributed by Ta-Shing Yacht Building Company through a dealer network around the United States.
