

Taswell 72

70'

CUSTOMARY EXCELLENCE

Since first introduced in the mid-1980's, the Taswell series of performance cruising yachts has confirmed Ta Shing's reputation as one of the world's quality builders of fine production and semi-custom sailing yachts.

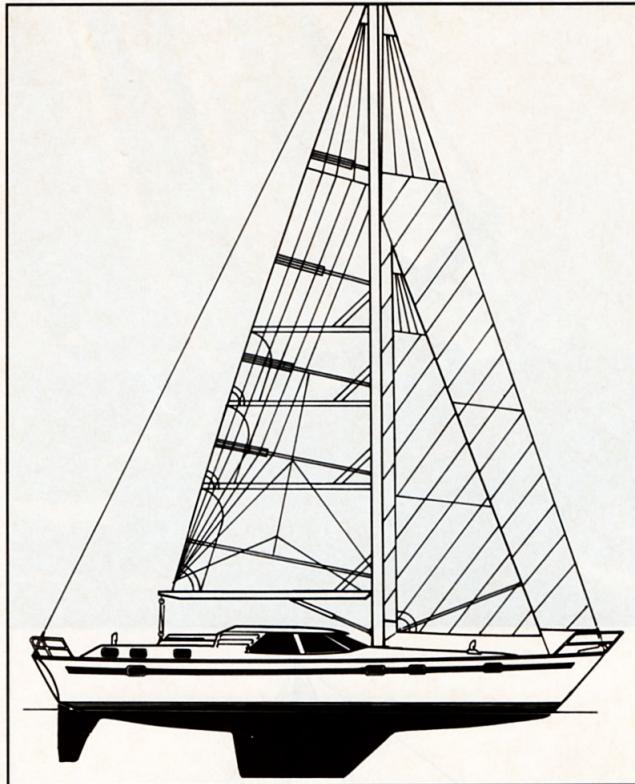

With the release of these preliminary plans and specifications for the Taswell 72, Ta Shing begins building the first of a series of highly-customized world-class yachts.

As with all Taswells, the 72 is designed by the British naval architect, Bill Dixon. In addition, the interior accommodation is being created in conjunction with Andrew Winch, one of Great Britain's leading designers of yacht interiors.

As with the new Taswell 60, the 72 features the classic elegance of a transom stern. But unlike the smaller Taswells, each Taswell 72 is crafted with a custom interior, built to each owner's exacting requirements.

The first Taswell 72 features a raised salon and a variety of hydraulic and electrical systems to ease the workload underway.

Prospective owners are encouraged to contact any of the builders' extensive network of world-wide dealers to examine in detail the craftsmanship in smaller Taswells and to discuss their specific requirements for a custom-configured Taswell 72.

L.O.A. 70' 0"
L.W.L. 58' 0"
Beam 19' 0"

Draft:

Deep Keel 8' 4"
Shoal Keel 7' 0"

Ballast 30,500 lbs.
Displacement 48,500 lbs.

Sail Area:

100% Foretriangle 2,086 sq. ft.

Rig Dimensions

Foretriangle:

I (Height) 85' 0"
J (Base) 26' 8"

Main:

P (Luff) 77' 6"
E (Foot) 24' 6"

Rig

Forespar

Water Capacity 450 gal.

Fuel Capacity 450 gal.
