

# Tayana 37

**37'**

**T**he Tayana 37 remains one of the most successful cruising yachts ever produced by the renowned Ta Yang Yacht Building Company. The hull design results in a proven bluewater cruising yacht, and it comes with either cutter or ketch rig in any of three deck configurations: the traditional aft cockpit, Mark I, the modern Mark II with fully enclosed aft cockpit, or a comfortable all-weather pilothouse.

More than 550 of the Tayana 37s have been produced and sold worldwide, making it one of the most popular cruising yachts from the Far East. Sailors have a choice of the traditional Mark I version or the Mark II, which features contemporary styling of the upper deck and cabin trunk, and a fully enclosed cockpit for a greater feeling of security from the possibility of a boarding sea. The pilothouse version pro-

vides maximum all-weather comfort and retains the high quality Tayana hull design and lines.

As with all Tayana yachts, the 37 affords maximum opportunity to customize the interior to suit each owner's individual needs and tastes. Virtually no two Tayana interiors are alike, which assures a custom-built yacht with out-of-pocket costs below those of most production boats. Each Tayana 37 embodies interior cabinetry of rich, warm teak, with a tasteful use of teak above decks sufficient to enhance the appearance without proving burdensome to maintain.
