

# Tayana 52

53'

**R**enowned yacht designer Robert Perry considers the Tayana 52 one of the best performing yachts to flow off his drawing board—with good reason. She is an outstanding bluewater cruiser, affording stunning lines and style, superb sailhandling and performance, and maximum liveaboard comfort and convenience.

Built to the exacting standards of the Ta Yang yard, the Tayana 52 is available for the first time in a center-cockpit configuration, offering the handling ease of midship steering and sailhandling and a queen-size walk-around berth in the large owner's stateroom aft.

The popular aft-cockpit version continues to provide the

sleek sheer and symmetry of a classic offshore cruising yacht. The cutter rig provides for ease of handling, and the tall rig results in superb, agile performance in light airs.

Living accommodations aboard the Tayana 52 are more spacious than those often found on even larger cruising yachts, making the 52 an ideal vessel for live-aboard or transoceanic cruising. Cabin configurations may be customized to the owner's preferences. Equipment above- and belowdecks is prime quality, and the list of no-cost options is extensive. The Tayana 52 is truly a custom yacht at a near-production price.
