# TRIANGLE

## 20

A safe, fast cruising/racing sloop with spacious accommodations, easily trailed designed by Triangle Marine Company.

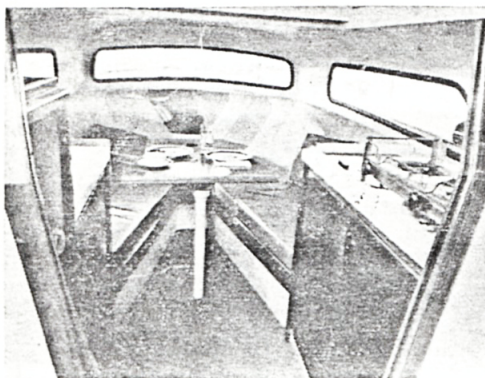

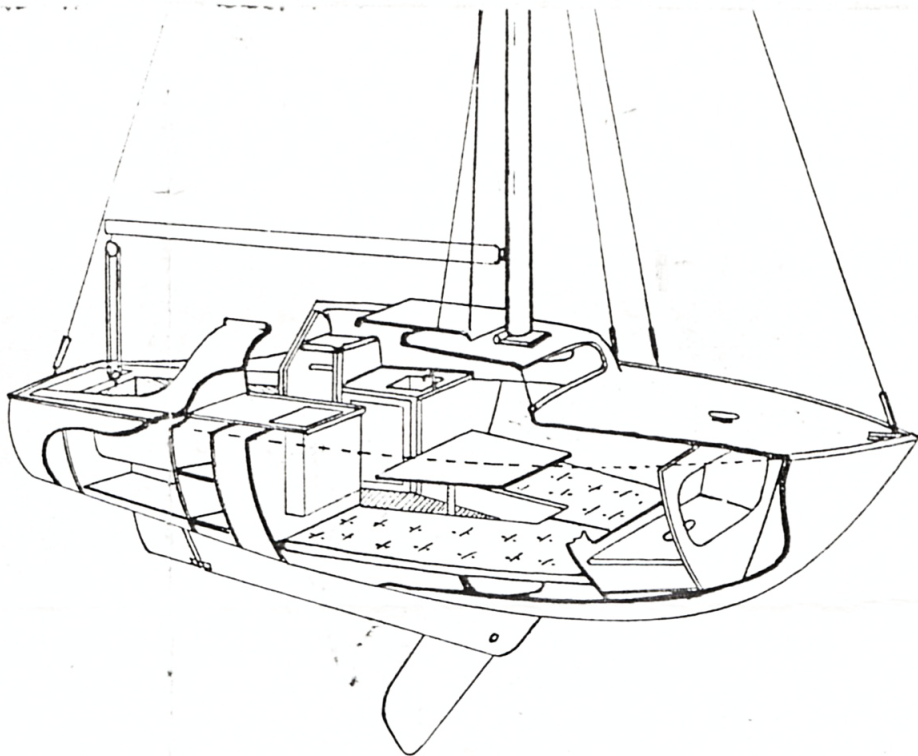

# The TRIANGLE 20™

AN AMAZING, PROVEN DESIGN FOR COMFORT, SAFETY AND CRUISABILITY featuring low maintenance, high resale, one piece fiberglass construction. SEAWORTHINESS assured by self-bailing cockpit, positive righting moment (exceeds more requirements) and easily handled rig with roller reefing. SHOAL DRAFT gives ease in trailing as well as access to small out-of-the-way harbors.

TAKE THE HELM OF THIS SLEEK FIBERGLASS SLOOP AND CAPTAIN A BOAT DESIGNED TO TAKE YOU ON SEAGOING ADVENTURES.

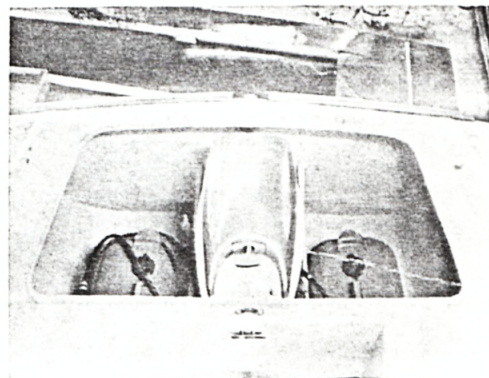

## The Cockpit

THE COCKPIT contains an outboard well and watertight engine compartment for safety and comfort. It is roomy for day sailing and large enough to sleep two more with a tent over the boom.

## The Cabin

THE CABIN with two 6'8" berths, semi-enclosed head, full galley area with sink, ice box and stove area and wonderful storage space is well ventilated with ample visibility for spacious living.

## SPECIFICATIONS

DIMENSIONS:	L.O.A.	20'6"	Designed L.W.L.	16'8"
	BEAM	7'1"	Draft -C/B up	2'2"
	Displacement	2300±	C/B down	4'9"
	Sail Area (working sails)		205 sq. ft.	

**BALLAST:** Steel keel with steel centerboard that retracts inside. Winch raises and lowers centerboard. Stability far exceeds M.O.R.C. safety requirements.

**HULL:** Molded fiberglass with watertight, ventilated motor well. Self bailing cockpit. Deck and cabinhouse molded in one piece. Plexi-glass ports. Large main hatch and companionway slides. Slide doubles as cabin table top.

**COLORS:** Standard — white hull — light blue deck — copper bronze antifouling bottom paint — Exterior trim varnished Philippine mahogany.

**UPHOLSTERY:** Urethane foam plastic covered bunk cushions.

**VENTILATION:** Deck plate and ventilator forward.

## INTERIOR:

Interior complete with two 6'3" bunks, large forepeak, semi-enclosed head, galley, hanging locker. Interior finished with washable, wear-resistant plastic paint with varnished Philippine mahogany trim. Sink, pump, water tank, fiberglass ice box insulated with styrafoam counter space for stove and excellent storage space for food and equipment.

## SPARS & RIGGING

Anodized aluminum mast and boom, roller reefing, stainless steel rigging, dacron running rigging and all necessary hardware for main and jib.

Subject to change without notice.
