

VAGABOND 17

VAGABOND 17

FAST, LIGHT, COMFORTABLE, SLEEPS 4, LARGE COCKPIT, AND EASILY TRAILERED BY A SMALL CAR. HARD TO BELIEVE?

The Vagabond 17 is a high quality, hand laid fiberglass overnighter ideal for a couple or small family. She comes complete with a double and two single berths, galley, private head compartment and a large, comfortable cockpit. And all at an affordable price.

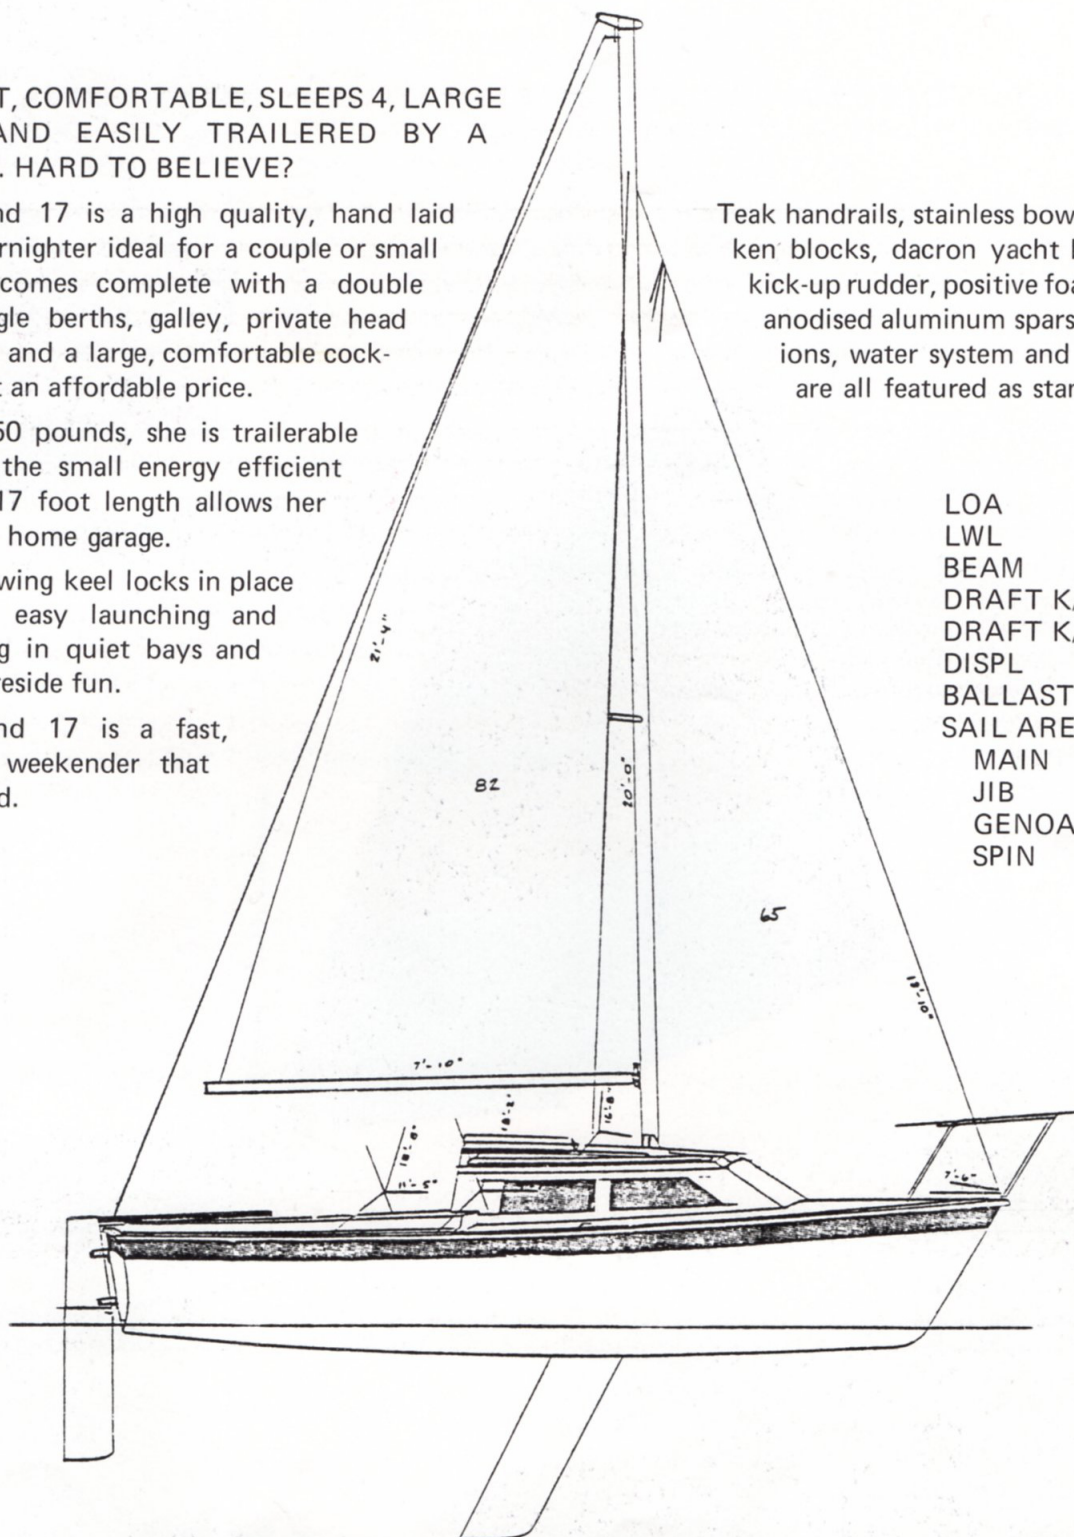

At a light 950 pounds, she is trailerable behind even the small energy efficient car and her 17 foot length allows her to fit into the home garage.

A weighted swing keel locks in place and permits easy launching and even beaching in quiet bays and coves for shoreside fun.

The Vagabond 17 is a fast, roomy, safe weekender that you can afford.

Teak handrails, stainless bow pulpit, Harken blocks, dacron yacht braid sheets, kick-up rudder, positive foam flotation, anodised aluminum spars, bunk cushions, water system and dacron sails are all featured as standard equipment.
