

# Watkins 25

25'

**B**ig, strong, and comfortable are the keys to a great cruising boat. The Watkins 25 was designed to meet today's demand for a big trailerable cruising boat with a diesel option, which can be cruised by a family of five in comfort. The interior boasts an enclosed head compartment, five berths, and complete galley. Headroom is 5'11" and is maintained even into the V-berth area which can be made private with the two-position head door. The galley comes standard with built-in ice chest, Origo two-burner alcohol stove, deep sink, and stowage cabinets. Exceptional ventilation is provided by six opening ports, the large sloped forward hatch, and a huge main hatch. Teak and holly sole, pinrails, and ceiling strips add to the beauty of the boat.

From the heavy solid fiberglass hull to the external through-bolted deck-to-hull joint with heavy, extruded aluminum toerail and oversized rigging, the boat is built to offshore standards. Internal ballast in the shoal-draft model is fiberglassed in place and gelcoated. A complete inner liner with access to deck hardware adds to the strength, safety, and accessibility of all components for the boat. Isomat spars, Barient winches, Edson steering and Bomar aluminum opening ports with screens and hatches complement Watkins quality construction.

Such big-boat options as wheel steering, marine head with holding tank, pressure water with shower, and anchor platform with extended bow pulpit are included.

These options allow an owner to tailor the boat to his or her own needs.

L.O.A.	24'11"
L.W.L.	21' 0"
Beam	8' 0"
Draft:	
Deep Keel	4' 0"
