**Construction:**

Hull, deck, cabin, and cockpit are quality built of no-maintenance molded fiberglass with locked-in choice colors and non-skid surfaces. Limited exterior wood surfaces are the finest mahogany. Fittings are of stainless steel and aluminum; sails of dacron. All rigging is stainless steel. Mast and boom are aluminum. Mainsail is loose footed; fiberglass interior.

## LAUNCH — BEACH — OR TRAIL

The POTTER has 3 molded-in skegs. It will sit level on a beach or a floor. The deep centerboard and rudder blade both swivel right up on contact with the ground. Single handed, it can be loaded aboard a trailer, or launched. For a family week-end, day sail, or vacation, any waterway becomes accessible; the costs of launching or mooring are minimized.

## AN INTERNATIONAL CLASS

West Wight POTTER owners live throughout the world. Now, the International Class is formed and all WWP owners become part of the International Association. Rules and regulations are published; meetings will be held regularly; officers elected; races, outings, and customary class procedures will be supervised regularly.

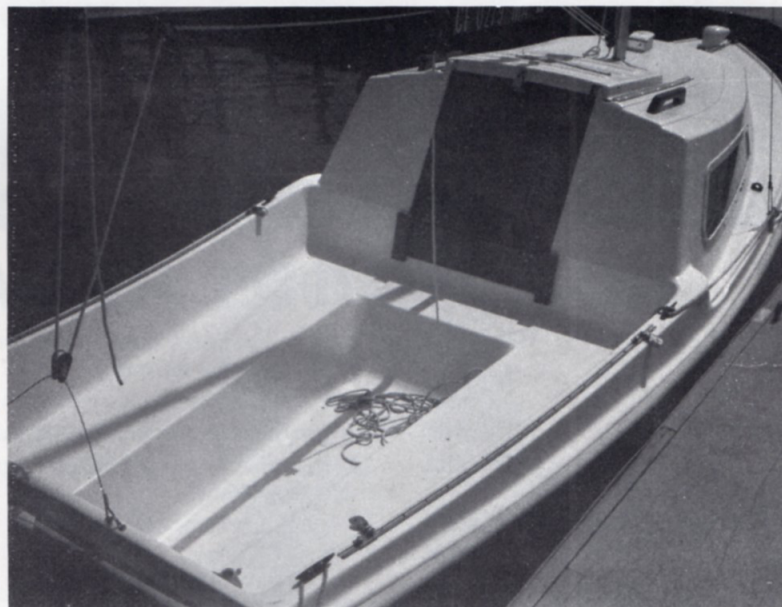

# OFFERS AMAZING "SEA-PROVEN" ADVANTAGES

This remarkable POTTER is a stable performer without equal. She has the feel and the build of a much larger yacht. The POTTER does not heel like the average sailboat. She rides on her bottom. The POTTER is a single hander. She can be sailed easily by one person and a novice can learn to sail her in an hour. All sheets and center board lines lead aft to the cockpit and it is never necessary, while sailing, to go forward from the snug, dry comfort of your roomy cockpit.

## NEW STANDARDS OF SAFETY AND CONVENIENCE

**NON SINKABLE**  
Positive Floatation  
Self Bailing

### TWO BIG, FULL 6'6" SLEEPING BUNKS

Full 44 inch wide, 6'6" double bunk area provides private room spaciousness with over 3'9" of headroom. The cockpit also can be adapted to accommodate 2 children. Add over 14' cubic feet of storage area for foods, stove, ice-box—and you can be fitted up in style with the smallest, deluxe cruising sailboat in the U.S.A.

### SLIDING HATCH

FOR EASY ACCESS TO CABIN INTERIOR.

## CONVERTIBLE HATCH OR DINING TABLE

Dine, or cook, or play cards—but live aboard! Your POTTER'S mahogany companionway hatch becomes a hinged table, folding to the cockpit.

*a distinctive* **PERSONALITY**

Wherever she goes . . . there is no other ship just like her. The POTTER is in an international class all of her own, with sharp insignia, class numbers, plus a quaint shippy charm that lifts her head and shoulders above the competition.

# WEST WIGHT POTTER
