# 28 YANKEE

...sparkling new design from Yankee Yachts with big boat power and comfort in a compact easy-to-handle 28' length

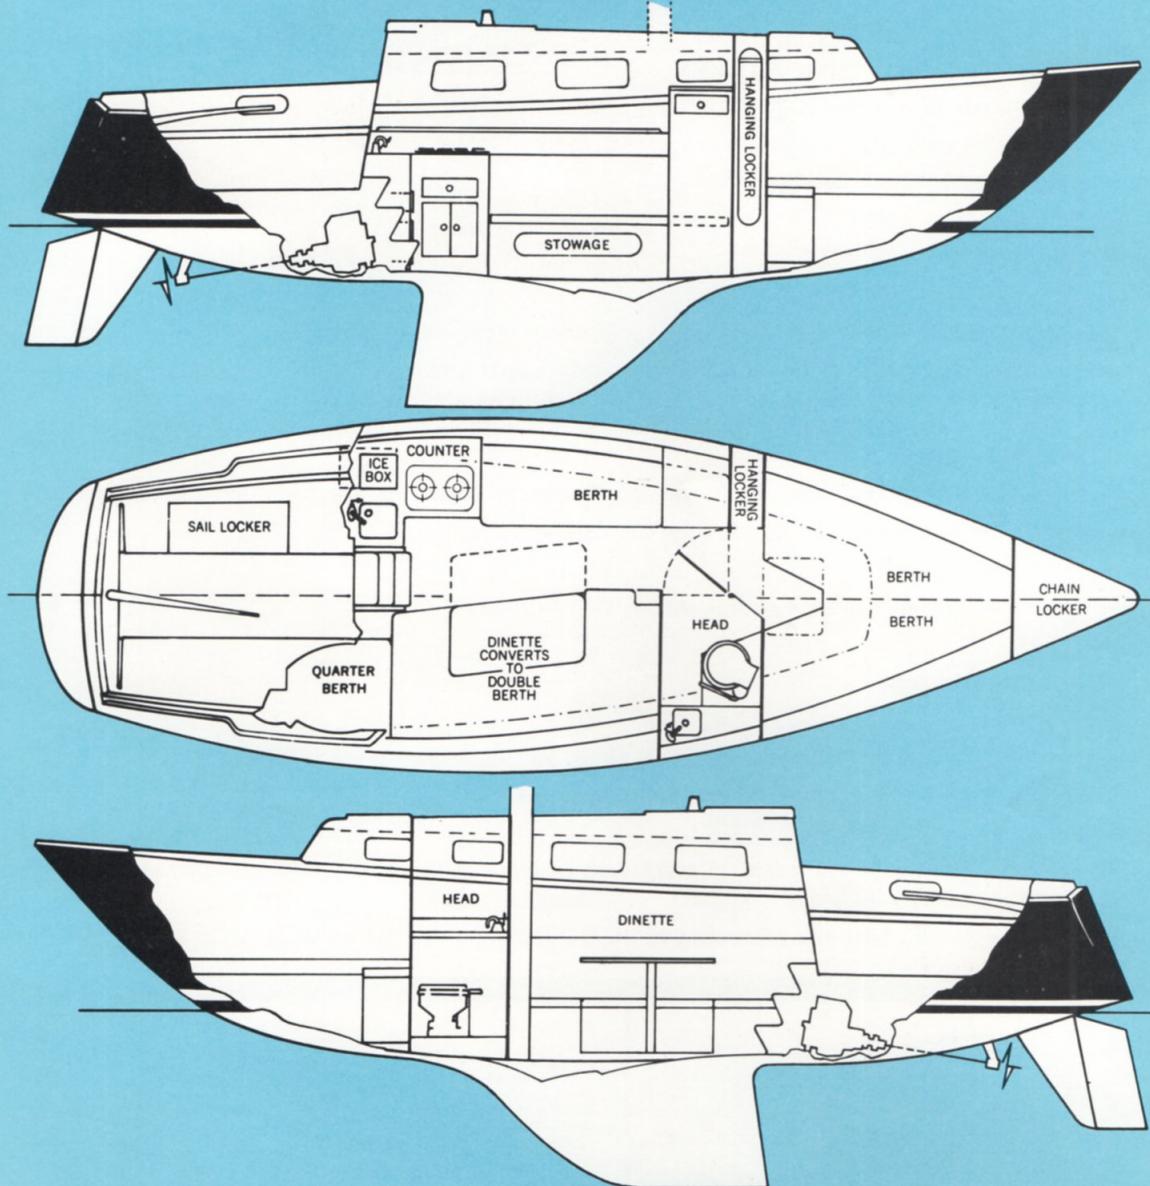

Designed by Robert Finch expressly for Yankee Yachts, the brand new Yankee 28 is a high performance racing/cruising sloop with crisp, thoroughly modern lines. Inboard power, keel-stepped mast, high aspect sail plan and ballast/displacement ratio comparing favorably with the exceptionally successful Yankee 30 make this exciting new 28 competitive under the new rating rules and an able, comfortable cruiser as well.

Both inside and out, the Yankee 28 bears the mark of Yankee Yachts' superb construction techniques. Executed in 100% hand-layup molded fiberglass with teak toerails, hand rails and trim. Full hull liner and head liner

enhance an unusually spacious interior with accommodations for six.

The Yankee 28 is impressive in any company with a host of built-in features and STANDARD equipment which includes installed head, electrical system, vinyl interior cushions, galley with ice chest, sink and stove platform, U-shaped dinette converting to 6'6" double berth. The deck gear includes bow pulpit, two-speed geared sheet winches, ball bearing mainsheet blocks, whiz-bang mainsheet traveller and top quality standing and running rigging.

**There's more...see complete list on the following page!**
